## What are the PACT Act key components?

The Act **expands and extends eligibility for VA health care for Veterans with toxic-exposures** and Veterans of the Vietnam era, Gulf War era, and Post-9/11 era.

VA will **improve the decision-making process** for determining what medical conditions will be considered for presumptive status.

Every enrolled Veteran will **receive an initial toxic exposure screening** and a follow-up screening every five years. Veterans who are not enrolled, but who are eligible to enroll, will have an opportunity to enroll and receive the screening.

VA health care staff and claims processors will receive **toxic exposure-related education and training**.

The Act requires **research studies** on mortality of Veterans who served in Southwest Asia during the Gulf War, Post-9/11 Veteran health trends, and Veteran cancer rates.

The Act will help VA **build a stronger, more skilled workforce** to meet the growing demand for benefits and services.

The Act authorizes **31 new medical facilities** across the country, providing greater access to VA health care.

## How can a Veteran file a claim?

Veterans who would like to file a claim must complete [VA Form 21-526EZ](https://www.va.gov/health-care/apply/application/introduction) to apply for benefits and submit any supportive evidence.

To learn about standard VA disability claims, supplemental claims, secondary claims, and more visit: [VA.gov/disability/how-to-file-claim/when-to-file](https://www.va.gov/disability/how-to-file-claim/when-to-file).

## If a Veteran was previously denied a claim, what can they do?

VA will contact Veterans when a presumption of service connection is established or changed. However, **Veterans previously denied a toxic-exposure related claim** are encouraged to file a supplemental claim. Once a supplemental claim is received, VA will review the claim under the new law.
